

# **Sprague's Sports Inc.**

Dear CCW Student,

Thank you for enrolling in our Arizona Certified Concealed Carry Weapon Course. This letter will outline some important information regarding our class.

The class fee of \$89.00 is to provide you with the highest quality instructors and most convenient and comfortable firearms training classroom in Yuma. Also included are all indoor range use fees and targets. You will also be provided with Arizona's CCW application packet complete with fingerprint cards and yes, fingerprinting is included and will be done in class. Course material handouts and discount coupons to use at Sprague's will be provided as well.

All of our instructors are certified by Arizona's Department of Public Safety to teach our classes and most bring many years of Arizona law enforcement experience to the classroom as well.

Once you have completed our AZ CCW course and have had your application signed off by our certified instructors you then may submit for your 5-year AZ CCW permit. The cost for the CCW Permit is currently \$60.00 and goes in with your application packet to DPS.

As part of the criteria to receive your CCW permit a shooting qualification is required. It includes firing 5-rounds at 10 yards and 5-rounds at 5 yards (on a TQ-15 silhouette target) for a total of 10 rounds from a personally owned handgun in the caliber of your choice. If you do not own a handgun please make arrangements prior to class to borrow, purchase or rent one. We have a good selection of rentals on the range in many different calibers. 70% or 7 out of 10 of the hits must be within the scoring lines on the TQ-15 to qualify for your permit.

To encourage you to practice and be familiar with your handgun before class we extend an invitation to bring this letter or your class receipt to our range prior to your respective CCW Class date and shoot for ½ price!

(Note: Do not bring your gun and ammo into the classroom until our instructor advises you it is time to do so...Thanks.)

The instructors and staff at Sprague's appreciate your interest in the Arizona CCW Course and look forward seeing you in class. Thank you for your business.

Shoot well and shoot often.....
